

YOUR HOME TEAM

Our Trust's permanent charity partner, Lincoln City Foundation, has developed an incredibly impressive range of initiatives for the benefit of the entire community. Highlighted below is the new "Your Home Team" programme.

WHAT IS THE AIM OF "YOUR HOME TEAM"?

The scheme's ambition is simply to use the power of football to ensure that every child in care feels that they are part of a community that believes in them. Many such children experience disruption, uncertainty and isolation. If they have a "Home Team", they will discover that their football club is a place where they are welcomed, valued and supported.

HOW DOES "YOUR HOME TEAM" WORK?

It offers opportunities to connect with the football club, through:-

- matchday experiences and workshops;
- fun football activities;
- meeting professional footballers and hearing about their journeys.

It provides positive experiences, trusted relationships and lasting memories, building confidence, resilience and aspiration. Please visit <https://www.lincolncityfoundation.com/your-home-team> for more information.

WHO ORGANISES "YOUR HOME TEAM"?

Lincoln City Foundation works alongside Lincolnshire County Council, Lincolnshire Fostering Service and Lincoln City Football Club, supported by the Professional Footballers' Association Players' Fund, administered through the Premier League Foundation.

HOW CAN DONATIONS BE MADE TO HELP "YOUR HOME TEAM"?

There are numerous ways to support the Foundation financially, such as before all home games via a collection bucket that can be found in the Trust's Pod in the Fan Village at the ProAmpac Stadium or online at <https://www.justgiving.com/charity/lincolncityfdn>.
